

## Flexible, frictionless, and backed by elite support

Infrasys Cloud POS, with its flexibility and scalability, allows you to bring a frictionless digital guest experience to your F&B outlets. With over 7,000 installations worldwide, Infrasys is a reliable point of sale solution that drives revenue and increases operational efficiencies.

### Why Infrasys Cloud point-of-sale?

#### → Flexible

Infrasys POS is available to work on a variety of hardware platforms. Our software and support can be crafted to meet your specific F&B needs.

#### → Frictionless

Create a seamless digital experience for your guest with a customizable and easy to use POS solution.

#### → Cloud-based

Utilize a true cloud-based platform that allows you to manage your restaurant operations anytime anywhere.

#### → Customer centric

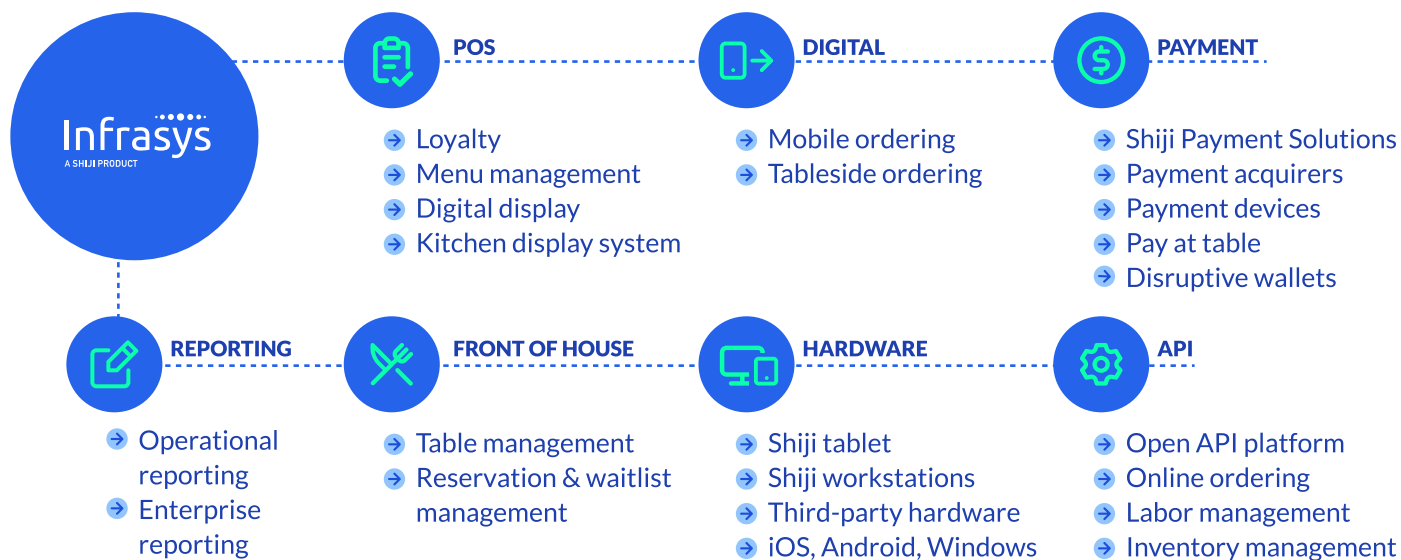

With localized teams in the Americas, Europe and Asia Pacific, we're committed to individualized support.

“Infrasys is the best point of sales system I’ve ever used. The whole experience is very user friendly. From training an associate to navigating the interface, it’s everything you would want from a point-of-sale system. It’s a no-brainer that we plan to expand our partnership with them moving forward”.

American Liberty Hospitality  
in Houston, TX

## Infrasys has all the features that you need to run a successful operation. And then some.

## 24/7 support when and where you need it

While Infrasys Cloud POS has everything you need to get your F&B operations running, we understand the importance of providing great customer care. With local teams in the Americas, Europe, Middle East and Asia Pacific, Shiji prioritizes our customers with individualized support from implementation to day-to-day operational reinforcement.
